Hello,

My name is Adrien but my family call me «Yinyin». My family name is Buignet. I am French and I am 14 years old. I live in Darnetal, near Rouen in Normandy in the north west of France. My birthday is on the ninth of February. I live in a house with my parents and my brother. His name is Clément and he is 17 years old. My parents are married. My best friend's name is Yacine. I don't have any pets because it's dirty.

I am 1 meter 76, so I am tall for my age. I have short straight brown hair and brown eyes. I have a small scar on my forehead.

I am helpful because I often help my parents with the house chores, but I am very clumsy because I can't do things very carefully. I love playing chess and GO but I hate running. I can't stand waiting, so I am not very patient. At school, I love art because I enjoy drawing, but I detest math because it's a difficult subject. I am good at French and English but I am bad at math and P.E. I am a very good drawer. My favorite star is Louis de Funès because I think he is very funny.

Bye
